

Real Deprez

Phone: 310-339-6035 • Email: real.deprez@gmail.com

I am a software engineer based in Santa Monica, California. A Maine native and Tulane graduate, I have been working in the Internet industry professionally since 2005.

Specialties

Front end performance, object-oriented JavaScript, data visualization, user interface/experience, front end unit testing, semantic code, web standards and accessibility.

Experience

TrueCar, Inc., Santa Monica, California

Mar 2010 – Present

- Director (Jul 2013 – Present)
- Front End Architect (Mar 2010 – Jun 2013)
Write JavaScript libraries and implementation code across TrueCar properties. Research, select, and implement front end and supporting technologies. Evaluate and enhance front end performance and scalability. Create, maintain and document shared code libraries. Create dashboards and data visualizations using JS and SVG. Support, advise, and educate an eight-person team.

Edmunds, Inc., Santa Monica, California

Jun 2007 – Feb 2010

- Front End Architect (May 2008 – Feb 2010)
Designed, documented, created & maintained HTML templates, CSS code & systems, and JavaScript libraries for Edmunds.com, InsideLine.com, and associated Edmunds properties. Supported a small team of front end developers, and worked with a large Java team in an agile environment. Evangelized in-house JS and front end best practices.
- Sr. HTML Developer (Jun 2007 – May 2008)

Be Jane, Inc., Burbank, California

Jan 2007 – Jun 2007

- Web Engineer
Primary front end developer for BeJane.com. Created PHP templates from art director's Photoshop files using XHTML/CSS using cutting edge methods and current web standards. Technologies employed include CSS-P, XHTML, PHP, JavaScript, sIFR, and prototype/script.aculo.us.

flyte new media, Portland, Maine

Jul 2005 – Jan 2007

- Web Developer/Designer
Website development and design, updates on multiple (~75) websites. Blog design and development (Typepad, WordPress). CMS (Mambo/Joomla) design, installation, development (XHTML/CSS/PHP), and training. HTML Newsletter design and development.

Education

Tulane University, New Orleans, LA

1999 – 2003

BA, Studio Art. Concentration in Photography and Glass. Minor in Philosophy.
